A COLLEGE STUDENT'S GUIDE TO RIVERSIDE

A WORD FROM THE MAYOR

Greetings!

Riverside, a city of nearly 300,000 residents, is an exciting, diverse, urban and successful city. As Mayor, I offer my warmest welcome. God-speed for a delightful, engaging and memorable stay here in Riverside.

We are an exciting city because, in no small part, you have selected to study at CBU, LSU, RCC, or UCR. These campuses and the thriving student population distinguish Riverside from other cities in Southern California.

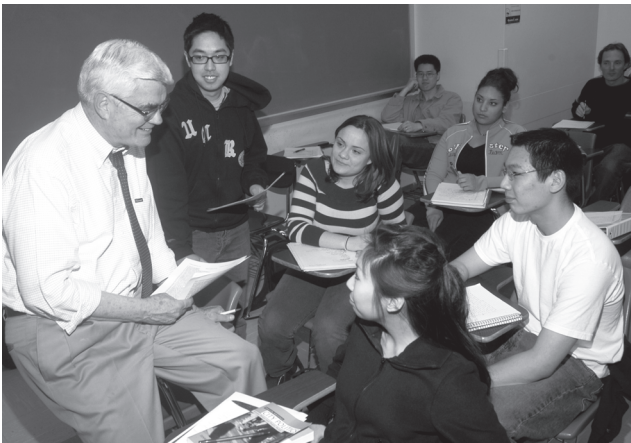

Riverside is a city rich in history and rich in future. I encourage you to discover our city, and to participate in its life and times.

I encourage you to discover many things to do and especially what makes Riverside different and unique.

Stomping Grounds is here to guide you and Riverside Transit Agency (RTA) is ready to get you there.

Get out and explore ... keep Stomping Grounds close by as you do!

*Ronald O. Loveridge, Mayor
(UCR Political Science Professor, 1965-)*

NOTE FROM THE STAFF

Welcome to the second edition of Stomping Grounds, your guide to great eats, entertainment, recreation and culture around Riverside. Here, you will find that there is plenty to do within the city limits and possibly expel the myth that there's "nothing to do in Riverside." It's not a complete list of everything that Riverside has to offer, but it is a good place to get started in your own ventures into the city. Also included are the Riverside Transit Agency routes, because let's face it--gas is expensive these days, and we are but poor college students.

So, the next time you head out for a night on the town, flip through this book to get a few ideas about new places to try. Be adventurous--hop in your car or catch a bus and look for all the things Riverside has to offer that you never even knew existed.

If you lose your copy of the book or want to keep an eye out for updates, check out the website at www.riversideca.gov.

Have fun, good luck in your exploration and we hope this has been most helpful.

RESTAURANTS

One of the most difficult questions you'll encounter as a college student has nothing to do with calculus, the periodic table of elements or Plato. No, the challenge you will run into more often than you can imagine and the problem that you will face on countless evenings is answering the question, "What should we eat?"

The good news is that Riverside is a virtual smorgasborg of great restaurants and eateries. There is cuisine from all corners of the world, ready to cater to your every craving and budget. Whether you're in the mood for chicken tacos or tofu pad thai, the answer to your dining dilemma is right around the corner.

Vegetarians, vegans and soy aficiandos need not look any further for great tasting, animal-free Mexican food. Yes, *vegetarian* and *vegan* Mexican food. Chico's offers a dizzyingly thorough menu and a dual kitchen, so you don't have to worry about your soy enchiladas being cooked next to carne asada. All you veggie fans out there can try everything from good 'ole cheese enchiladas to the adventurous and delectable shitake mushroom burrito. CASTLE PARK

Can't decide if you're in the mood for arcade games, miniature golf, carnival rides or prizes? Well, you don't have to choose because all that and more is waiting for you at Castle Park, the Inland Empire's largest small-scale amusement park. Sure, it may not have the draw and volume of a certain "happiest place on earth," but if you want to have some fun without spending an arm and

a leg on gas and admission, hop on the 91 freeway and go for a few rounds of putt-putt on Castle Park's immaculate, four-course mini golf grounds. And if you think any kind of golf is just for old people, there are more videogames than you can shake a joystick at in their well-stocked arcade. Stop making excuses, take a break from papers and midterms and go have some fun.

If you're worried about where you'll be able to watch the next Harry Potter movie when it hits the silver screen, don't sweat it--Riverside has movie theaters a-plenty. The best part is that most theaters offer student discounts, so don't be afraid to ask.

And if you're not much for movies but are a big fan of physical activity, gather some friends and hit up a skating rink or bowling alley. It's cheap, fun and, most importantly, air conditioned.

PARKS & RECREATION

UCR BOTANIC GARDENS

Nestled in the cozy, easternmost end of UCR's sprawling campus lies 40 acres of carefully maintained plant life that makes up the Botanic Gardens. This is arguably one of the most beautiful spots in Riverside, and home to more flora and fauna than you could possibly imagine. It's a favorite stop for students and faculty alike, and you don't need a Ph.D in Botany to appreciate the Gardens. Bring your camera, some friends or just your nature-loving self and spend a day wandering the winding trails and watching turtles sun themselves.

www.riversidefilmfestival.org

For all of you future film critics and movie connoisseurs, the one annual event you just can't miss is the Riverside International Film Festival. Riverside Arts Walk On First Thursdays

Various businesses and galleries around downtown Riverside

First Thursday of every month

<http://www.riversideartscouncil.org/artswalk.htm>

The easiest way to check out what's going on in the Riverside art community is to stop by the monthly Arts Walk. For one night, all of downtown is turned into a giant art gallery as businesses and studios put local artists on display and open their doors to the public. Be sure to stop by The Life Arts building, which plays host to the growing Division 9 Gallery and several small studios. Most participating businesses keep their doors open later than usual, so you can grab a cup of coffee from Back to the Grind or some cookies from Tin Lizzy's while exploring the art scene, which offers twice the talent and half the attitude of L.A.

Riverside Orange Blossom Festival

Downtown Riverside each May

www.obfa.org

The Orange Blossom Festival is perhaps the most anticipated event of the year, and definitely the largest annual extravaganza Riverside has ever seen. Hosted in downtown, this is the perfect event for scoping out a variety of live music. You'll be sure to find something you like at one of the four or five stages. Of course, there is also parades, fireworks and a county fair type of atmosphere. Don't miss out on the real fun, and celebrate Riverside style.
